In America, students choose 4-5 classes to take each semester. Classes meet 2-3 times a week for one hour or longer. Students are graded on many things—such as homework, class participation, and attendance—and not just a final exam. If you are worried about getting good grades in the U.S., we provide free tutoring and essay writing help for all students.

There are lots of things to do at Keuka College when you are not in class. We offer gym and pool facilities, more than 40 clubs, sports, and special events. Food service is open 7 a.m. to 7 p.m. and offers a number of meal options with plenty of fresh fruit and vegetables. Students live with 2-3 roommates, so you get to interact with American students.
